## Profile

I am a **friendly, outgoing person** who likes to greet people with a smile.

I am a **collaborative, self-driven, and focused person**, I will do my best for the **progress of the company** I work for and the **success of the projects** I have been entrusted with.

I **don't hand over a job**, I **hand over an experience**, and what I don't know, I am willing to learn and **keep abreast of new technologies**.

## Experiences

### Backend\Script, Freelance

2021 – PRESENT

I can create the Script that is necessary and complete for the functioning of a system, from a simple calculation to a more complex analysis, everything will depend on what the customer wants.

If I get a project that I have never done before, I learn how to do it and I do it!

It may involve *Python* or any other language.

### User Simulation, Freelance

2020 – PRESENT

Creation of Bots with the objective of simulating real people, performing real actions on specific sites such as:

*Youtube | Twitch | Dlive | Trovo | Booyah | Nimo | Freebitco | Freecardano | - Plantvsundead | mir4*

To create these bots it is necessary to do a complete analysis and understand the logic of how the system that will be used works, most of the bots were created using HTTP requests, and some used Browser automation.

Some Python Libraries Used:

*Selenium | Requests | HTTPX | AIOHTTP | BS4 | Proxy | Tor | AntiCaptcha*

### Web Scraping, Freelance

2020 – PRESENT

I do scraping work, where I get information from a web page and transfer it to some file or database.

The data can be obtained directly from the HTML of the page or also by requests.

Some Python Libraries Used:

- *Pandas | Selenium | Scrapy | HTTPX | Requests | BS4*

## Communication Skills

- I always have a positive attitude toward customers.
- I am confident and articulate and I possess professional speaking abilities (and experience).
- I am an emphatic listener, persuasive speaker and I have developed a culturally sensitive attitude.
- I have leadership skills, and experience in the successful management of diverse groups of people.
- I enjoy working in a team as well as working independently and possess excellent verbal and written communication skills.
